Your account

Each customer account has one owner and up to 5 additional users. The owner can add or remove users from the Settings page. A forgotten password is reset by email, and the reset link works for 30 minutes. Accounts that are not used for 12 months are closed after a warning email.

Invoices and payment

Invoices are sent on the first working day of each month. Customers have 21 days to pay an invoice. A late payment fee of 2 percent is added after 30 days.
Credit notes are issued within 5 working days of an approved claim.
